Microsoft Technology Associate (MTA)

MTA is Microsoft's entry level training and certification on the fundamentals of IT Infrastructure, Database and Software Development. Pass just one exam and you'll earn an MTA certification, taking your first step toward building a career in technology—or enhancing your career in business. MTA Tracks prepare you for hands-on product learning, whether it's in an entry level job, in the classroom, or through self-study.

Explore Platform Development

Explore career options in software platform development with MTA training and certification.

Exam 362: Windows Development | **Exam 374:** Gaming Development
